## 1. Executive Summary

After completing the training activities prescribed in the first LOA 2013, a fresh Letter of agreement was reached at for 2014 between KPJA & SRLM UNDP. Eighteen training programs and activities were scheduled for this year. It included 05 training courses for Judicial officers on substantive and Procedural law, 05 training courses for the staff of District Judiciary on Office and Court Management and 05 training courses for Judicial Officers on Case & Court Management. Besides this there are 03 Seminars/Expert lectures. The Academy proudly announce that by the end of this month, all the activities year marked in the 2nd LOA shall be completed. It may be highlighted that the courses were designed on basis of the training need assessment survey carried out and the manuals compiled. The target areas were broadly: substantive and procedural law besides Case & Court management. The selected focus areas owe its origin to the manuals compiled on basis of the finding of the TNA.

The training courses on substantive & procedural law have been molded as to fit in the requirements of a particular strata of trainees. Recently a considerable number of judicial officers of K.P. District Judiciary were promoted as District & Sessions Judges, Additional District and Sessions Judges besides Senior Civil Judges, thus there was an urgent need of training those Judicial officers so that they may efficiently and effectively perform their new assignments. The promotion from the post of Senior Civil Judge to Additional District & Sessions Judge is a quantum leap. The nature of work changes. The procedures applicable become different and thus it is highly recommended that for those promoted Judicial Officers, tailored made course(s) ought to be designed. It would not change the texture of the course on the Substantive & Procedural Law. Only the areas of study of substantive and procedural law is altered. It is in these compelling circumstances that the present course was designed specifically for freshly promoted Additional District & Sessions Judges. The course contents stretched from the procedures for conducting sessions trial to an understanding of the mode and manner of appraisal of evidence in sessions trial. Similarly subtle differences between appeal and revision on the civil administration of justice were explained. The matters entrusted to Justice of Peace and the relatively new law on Illegal Dispossession were also included. In order to give respite to the participants of the grueling schedule of activities the icon career diplomat Mr. Muhammad Sadiq has also delivered a lecture on National Security formulation.

The Honorable High Court nominated 24 judicial officers to this course. Most of them were freshly promoted. It was observed that the participants were keen to enrich themselves of the knowledge of the laws and procedure applicable to their new assignments.

The mode of instructions was interactive and participatory and on each day one of the participant used to make a recap of the proceedings conducted on the preceding date.

The selection of resource person was carried out meticulously. They were mostly seasoned Judicial officers of the rank of District and Sessions Judges. The participants also attended the expert lecture of Mr. Muhammad Sadiq, a career Diplomat, presently working as Secretary National Security Division.

## 2. Background

Khyber Pakhtunkhwa Judicial Academy (KPJA) was established in the year 2012 through Khyber Pakhtunkhwa Act No. IV of 2012. Its scope of activities is to impart training to Judicial Officers and personnel concerned with the system of administration of justice with a view to develop their capacity, professional competence and ethical standards for efficient dispensation of justice.

It coincided with the launching of the project of UNDP called 'Strengthening of Rule of law in Malakand' (SRLM). The focus area of SRLM was primarily aimed at strengthening the Justice Sector institutions. Similar, is the mandate of another Project of UNDP called 'Adil & Insaf' (AIP), though has different target Districts. Both the Projects (SRLM & AIP) converge on the premise that strengthening of the Justice Sector Institutions would lead to Establishment of the rule of law.

The very inception of KP Judicial Academy was also meant to achieve the ultimate objective of establishing the Rule of Law by strengthening the capacity of all the stakeholders of the Justice Sector. Its focus is not restricted to Judicial officers but to all the key players of Justice Sector, which includes Police, Prosecution, Probation & Parole and Jail authorities.

As the cliché runs that, 'Birds of a feather flock together', thus it was inevitable for KPJA and UNDP not to join hands. In the year 2012, the first Letter Of Agreement (LOA) was reached at between KPJA & SRLM UNDP. The agreement prescribed a number of training activities. KPJA conducted those activities.

It led to signing of another LOA between the KPJA & SRLM UNDP in this year (2014). Before giving a résumé of the training activities under that second LOA, it would be advantageous to highlight the criteria for devising the training activities.

KPJA had conducted Training Need Assignment (TNA) of the KP District Judiciary. That survey led to the identification of two target areas, requiring training on urgent need basis. It was the Substantive & Procedural Law and Case & Court Management. The findings of the TNA were incorporated in the shape of three Training manuals.

Thus, on this objectively identified areas, the training activities were focused in the earlier phase culminating out of the first LOA of 2013. The activities in the second LOA 2014 were also on the same lines. The breakup of the activities scheduled this year is detailed hereunder in Tabular form : -

s/no	Course	Participants	No of courses	Status
1.	Office & Court Management	Staff of District Judiciary	05	Conducted
2	Case & Court Management	Judicial Officers	05	Conducted
3	Substantive & Procedural Law	Judicial Officer	05	In progress

This course is first in the series of the courses on Substantive & Procedural law.

### 3. Introduction

The lynch pin of a civilized society is the establishment of the Rule of Law. This end can only be achieved if all the key institutions possess the minimal capacity metric pre-requisite for efficient & effective performance. Indeed, KPJA was mandated with this task of enhancing the capacity of the key players. So is the spirit of both the projects (SRLM & AIP) of UNDP.

Dispensation of justice is twofold; criminal and civil. Both are essential for peace and tranquility. Civil Justice System ensures and safeguards the rights of the people and provides remedy and compensation to the aggrieved. Criminal Justice System, guarantees security of life, property and honor. The key player in both the systems of administration of justice is the JUDGE. His role is not to formulate the policies and likewise not to ensure its implementation. He in fact acts as an orbiter, that makes sure that the policies are formulated & implemented for the benevolence of masses. In order to equip him with the required skills and knowledge training is a pre-requisite.

For achieving this lofty goal the Academy, with the generous support of the UNDP has arranged 05, 05- day training courses on Substantive & Procedural Law for Judicial officers of District Judiciary. The present report encompasses the activities of the first of such trainings that was conducted from 17th to 21st Nov 2014.

KPJA Faculty is its greatest asset. On the top of the permanent members is the Director General. He is considered as a pioneer in introducing the concept of Team & Crisis Management in District Judiciary. On account of his vast practical experience he can comprehensively enrich the knowledge of the participants on the subject of Team & Crisis Management. Dr. Khurshid Iqbal is another luminary of the Academy. He has done Ph.D In Human Rights, and has keen interest in research. Mrs. Sofia Waqar Khattak, Sr Director Administration and Mr. Mohammad Zeb Khan, Director Instruction are District & Sessions Judges. Qazi Ataullah and Mr Zia ul Hasan are Civil Judges currently working as Director Instructions and Associate Researcher respectively. Qazi is about to complete his PhD thesis.

Amongst the visiting faculty members Mr Niaz Muhammad Khan Special Custom and Anti-smuggling Judge, the then Registrar of Islamabad High Court and Miss Nusrat Yasmeen Additional District & Sessions Judge, Professor Madeeha Asghar, Chairperson Department of

Psychology University of Peshawar and Assistant Professor Shabana Gul of IM Sciences are worth mentioning. All of them have vast knowledge and rich experience. The Faculty has preferred judges over purely academic personalities. The reason is not far fetch. The amalgamation of academics with field experience is a perfect combination for achieving maximum results. All the Visiting trainers have been teaching in the Academy since its inception.

With regard to the methodology of our training, we opted for a participatory approach. Our training resource persons focused on practical aspect of learning more than theory. Group discussions were also conducted besides the trainees also presented their assignments. Each activity was followed by a question answer session.

The trainee of the course have keenly participated. The interactive sessions often led to a debate and discussion. The total strength of participants was 24. There were also female participants. In line with the requirements of SRLM UNDP preference were given to those Judicial Officers who are presently posted in Malakand Division. On successful completion of training, the Academy awarded them certificates.

# Evaluations

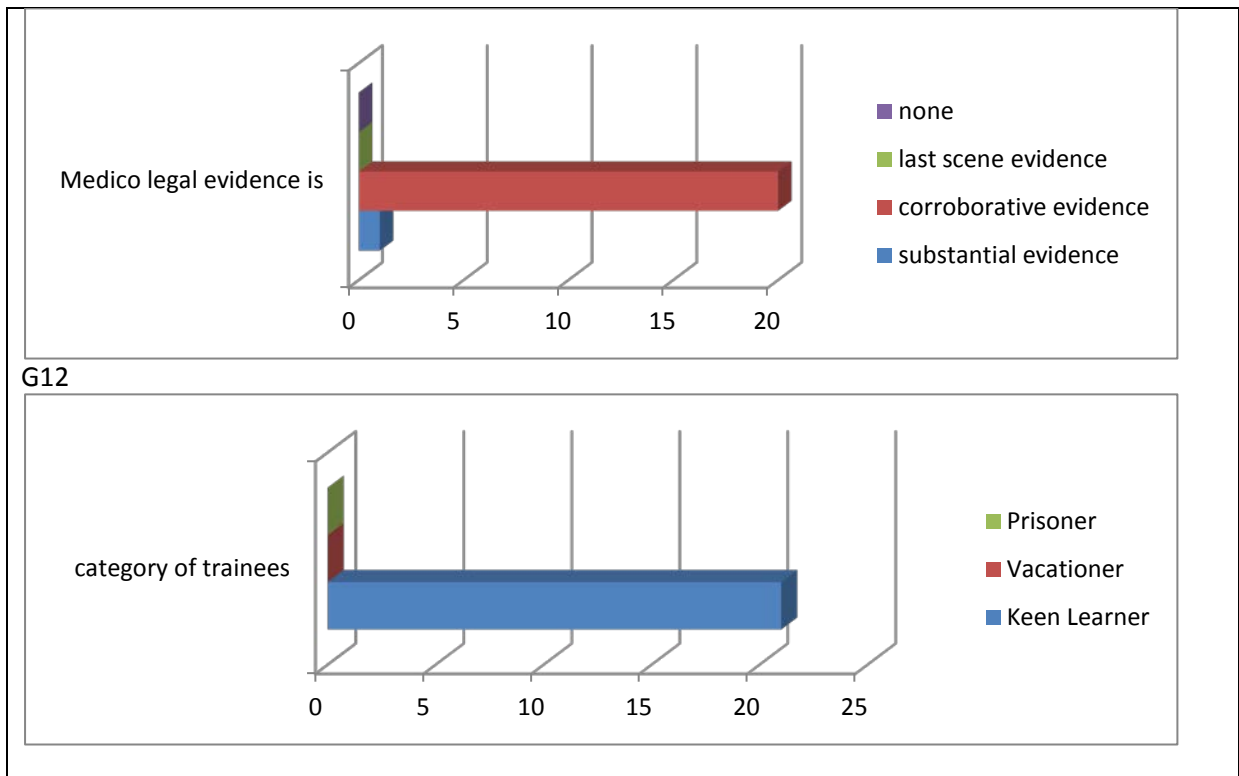

## 5. Evaluation

### 6.1 Pre Evaluation & Post Evaluation – Close Ended Questions

**Analysis:** The above graphs from 1-13 represents the combined pre and post evaluation result. The closed ended questions in the pre evaluation and post evaluation were marked and compared. A scale of 1-10 has been standardized for the results. The overall score for the pre evaluation was 5 and the post evaluation result was 8.5, which shows significant improvement in the knowledge of participants after the training. The graphs from 1-13 were based from the result of different MCQs. Each MCQ has a minimum 03 field (options) for the participants of the training to chose from. These close ended questions were in MCQs form and 02 MCQs were taken from each topic taught during the course.

## 6.2 Over all training Evaluation

According to graph 1, 98% of the trainees opined that course content was quite relevant to their judicial work. Only 2% opined that the training will bring a little improvement in their work. This number is negligible. Graph 2 reveals that 100% of the trainees are of the opinion that the training material was highly useful. About the skills of the trainer, 66% saw it “very good” and 27% saw it excellent. It shows that there is, though little, room for improvement. As far as command of the trainers over the subject is concerned, 66% opined that it was excellent. The remaining graphs shows that the training environment in the Academy was excellent, however their opinions in respect of accommodation and food served was largely found unsatisfactory. [The Academy has on top priority taken up the matter with the Hotel Rep so that things may improve in the forthcoming session].

Note: For the reason that some questions are similar [see consolidated resource person feedback graph] and the results in graphs are more or less the same, we have therefore left them uncommented. All the graphs have been generated from the post training feedback Form [see annexure].
